“All Indigenous Peoples of the Earth know and respect the wisdom and power of the turtle. Within turtle’s shell is the knowledge of time and the wisdom of the thirteen moons. Turtle’s wisdom is the power of cosmic knowledge.

Thirteen scales make up the back of turtle’s shell. It takes thirteen moons for Earth to go around the sun just once. Among the Indigenous Peoples of North America, Earth is known as Turtle Island. To remember that Earth is Turtle Island is to remember the way of the Earth guided by the cosmic power of thirteen moons.

In the original time, turtle’s wisdom was known by every child of the Earth. Every child knew that thirteen moons is the path to walk. It is the path of life that needs no explaining.

After the original time came the seeds and the planting. Then came the sword, and the forgetting. During the last four hundred years the Indigenous Peoples of the planet retreated deeper into the forest, the wilderness, the jungle. Wherever they went, they were followed by the machine and the twelve-month calendar of colonialism. Deprived of their own time, the Indigenous Peoples were forced into the false time of the machine.”

THE **UNTRIED** SOLUTION

Since the end of World War II, everything has been tried to bring peace on Earth and to restore the environment, but are we any closer to World Peace? Has the environment been restored? Why not? Maybe one fundamental solution has not been tried: **Changing the Calendar**. Yes, to change the calendar is to effect a profound and fundamental change in human consciousness. Only a change in consciousness will bring about the creative solutions our world so sorely needs today. By changing the calendar we use every day, will we change our everyday consciousness and establish a new time on Earth.

Have you ever considered the effects of the current 12-month calendar on our beliefs, customs, choices, behaviors, and actual relationship with time?

Could humanity benefit by simply attuning to the natural standard of 13 Months/Moons of **28 days** each?

We invite you to explore 7 KEY FACTS to understand the importance of Calendar Reform NOW. To learn more please visit:

COSMOMETRY: A WHOLE-SYSTEM UNIVERSAL APPROACH.

Mathematics is the language of Nature. At a fundamental level, everything in creation is governed by the same fractal geometrical structures. **Cosmometry** is the study of those fundamental patterns, structures, processes, and principles that are at the foundation of reality, and the application of this knowledge in the design of human social and technological systems. This new field of study is helping us to reach a unified understanding of cosmic coherence to new levels of integration and wholeness.

By using this calendar, you are consciously participating in a **whole-system transformation**, beginning with yourself. The impact may at first be subtle but have no doubt, you are beginning to reconnect your conscious mind with natural cycles, creative patterns, and dynamic processes inherent in Nature.

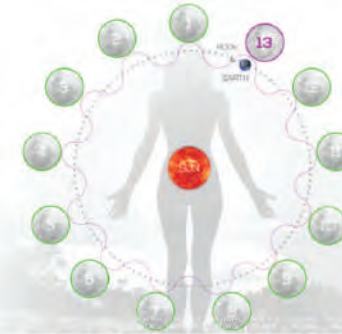

The most BASIC application of this new vision of the cosmos can be seen through its most elegant and efficient structure: The Vector Equilibrium and the **12+1** model. The Vector Equilibrium is the most primary geometric energy array in the cosmos, with all of its twelve points being equidistant to the center.

As Key Fact 1 states, **"The calendar is the operational system of civilization."** Unfortunately, the system design of the Gregorian calendar, in use as the civil standard for over 400 years, is flawed, disconnected from Nature, and fails to support meeting the basic needs for overall wellbeing of planet Earth and most of its inhabitants. Every day, we witness the increasing entropy and unintended consequences resulting from this incoherent system.

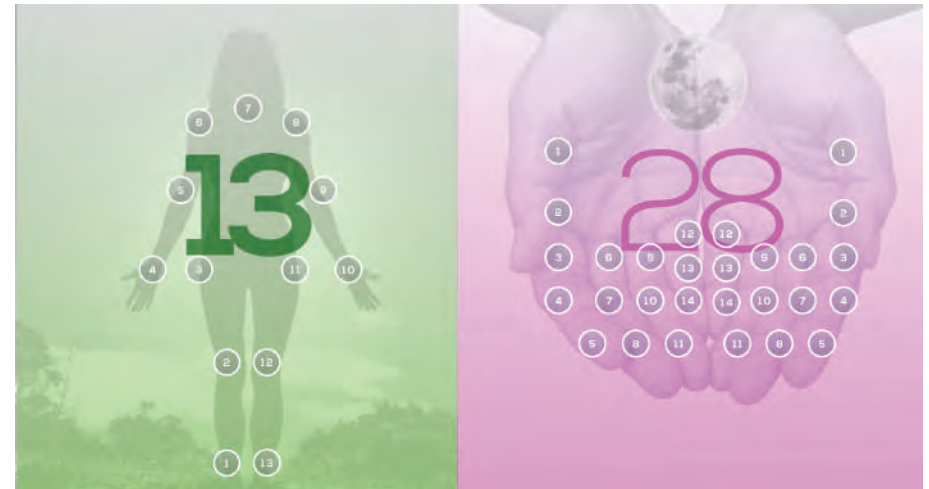

The 13:28 calendar is presented to humanity at this time, so that we might adopt a new harmonic calendar standard (upgraded operational system) which also serves as the base of a whole-system universal approach to reflecting **Nature (12+1 model)** in our global systems design so that humanity and society become more coherent, intentional, and conscious in order to adequately meet needs and address all sectors of human concern including: Infrastructure, Communications, Economics + Resources, Governance, Arts + Culture, Justice, Health + Wellness, Science + Technology, Spirituality, Environment, Education + Learning, Relations + Community, with Calendar Systems at the center.

THE 12+1 LUNAR+SOLAR+TERRESTRIAL OPERATIONAL SYSTEM

A new calendar based around Nature's innate operational system (**12+1** vector equilibrium) provides an ideal framework for a new planetary civilization to flourish, as it mirrors Nature at its central core.

THE 12+1 HUMAN OPERATIONAL SYSTEM

The numbers **13** and **28** are embedded into our biology. The human skeletal system, providing the structural form for the body to move, is comprised of **13** major joints: 2 ankles + 2 knees + 2 hips + 2 wrists + 2 elbows + 2 shoulders = **12+1** neck = **13**

Similarly, the phalanges or finger bones are 14 in number; 3 for each finger, and 2 for the thumb. 14 phalanges x 2 hands = **28**

The human female reproductive system is governed by a menstrual cycle that is an average of **28 days**. This cycle has been disrupted at a mass scale by the irregularity of the Gregorian calendar. **The 13-month calendar re-harmonizes human bio-rhythms with the cycles of Nature**, particularly the menstrual cycle. By re-attuning ourselves to an accurate timing standard, we are correcting the "ERROR IN TIME", realigning with our own internal nature, supporting the rebalancement of Earth, and moving in the direction of evolution.

TIME + MIND + NATURE = HARMONY THE BASICS

Congratulations for embarking on the journey to redeem and harmonize your most important asset: **TIME!** We hope you enjoy this special **Harmonic Factor** edition for the current year 2022-23, known as the **13 Moon Year of the Red Self-Existing Moon**.

Simple yet elegant in its symmetry and harmony, the **13-Month, 28-Day calendar** a.k.a the **13 Moon calendar*** synchronizes solar and galactic cycles on July 26th, correlating to the traditional heliacal rising of the star Sirius. This is the reason why **the first day of the 13-Month, 28-Day calendar year (Magnetic Moon-Day 1) coincides with July 26th**. For many ancient peoples, including the Dogon and Egyptians of Africa, and the Maya of Central America, the great star Sirius (also known as the "Dog Star"), the brightest star in the sky, was the galactic marker.

The 13 Moon calendar was originally known by the Maya as the Tun Uc, the "moon count" or "count of seven" ($7 \times 4 = 28$). Note that **it takes the moon 28 days to orbit the Earth**; it makes this orbit **13 times each year**. The standard of measure is the 28-day cycle, called a moon, because it is the median between the 29.5-day synodic cycle of the moon (new moon to new moon) and the 27.3-day sidereal cycle of the moon. Hence, it is a measure of Earth's solar orbit using the 28-day lunar standard. This creates a perfect orbital measure of 13 moons of 28 days, totaling 364 days, or 52 perfect weeks of 7 days each. Because the 365th day is no day of the moon or week at all, it is known as the "day out of time" - a day to celebrate peace through culture worldwide.

*The words 'month' and 'moon' are used interchangeably throughout this calendar, as the word month originally derived from the word moon.

HOW TO USE THIS CALENDAR

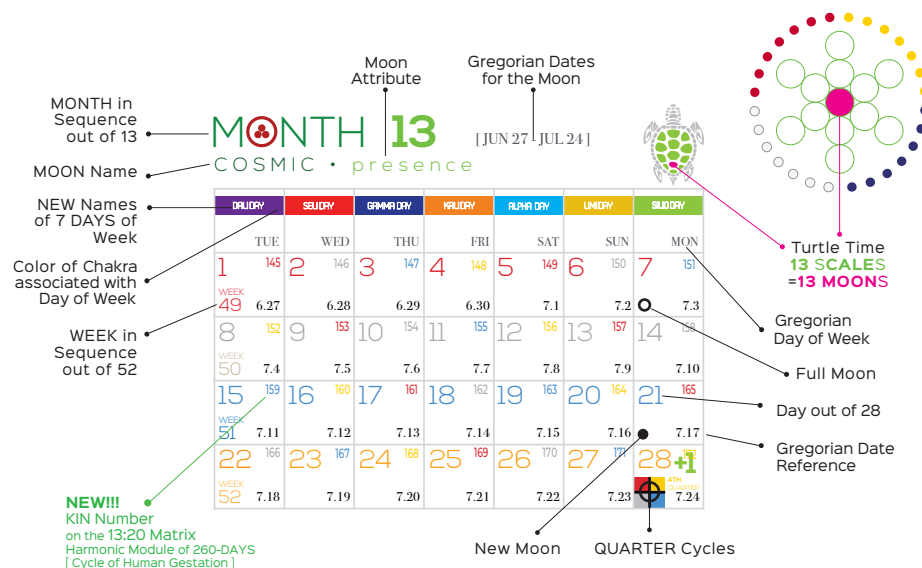

Just begin!! **The 13-Month, 28-Day transitional calendar includes the dates of the Gregorian calendar in the bottom right-hand corner of each day, as a reference.** Find today or look up your own birthdate. For example, August 16th on the Gregorian calendar is Day 22 of the Magnetic Moon of Purpose (Month 1).

Each of the thirteen months (moons) is coded with a quality, power, and action for personal and planetary attunement, by which we begin to synchronize our consciousness with the galactic cycles and creative patterns in Nature. For example, the **Magnetic Moon of Purpose** (the quality) has the corresponding power and action, respectively, of **Attract + Unify**. **Familiarize yourself with the name, power and action for each month** and you will connect at a deeper level with the flow and rhythm of the creative sequence in the **13:28** frequency.

Each month also includes a question for self-reflection. Magnetic Moon asks, "What is my purpose?" Lunar Moon (Month 2) asks, "What is my challenge?", Electric Moon (Month 3) asks, "How can I best serve?", and so on. Take some time to contemplate these leading questions throughout each moon and see what emerges for you.

The four weeks of every moon represent each of the four cardinal directions, coded by the colors red (week 1 - east/initiates), **white** (week 2 - north/refines), **blue** (week 3 - west/transforms), and **yellow** (week 4 - south/ ripens), in a counterclockwise direction.

The seven days of the week are named after seven radial plasmas: Dali-day, Seli-day, Gamma-day, Kali-day, Alpha-day, Limi-day and Silio-day. Plasmas are mixtures of ions and electrons found in Nature, and are strongly influenced by electric and magnetic fields. The ionosphere within Earth's upper atmosphere is, itself, a plasma. These plasmas interact with, and impact, our own physical bodies and energetic fields, similar to how planet Earth is being directly impacted by solar plasmas released by the sun. The seven radial plasmas correspond with the seven primary chakras (energy centers) of the human energetic body.

TIME IS COMING FULL SPIRAL!

The 2022-2023 edition of the 13-Month, 28-Day TRANSITIONAL CALENDAR is inspired by the INHERENT BEAUTY and HARMONY present in Nature's design. There is an underlying harmonic pattern behind all Creation. From the shape of the galaxies, to the way water flows, to sunflowers, to pinecones, to the structure of our own DNA.

TIME is not linear, is not flat and is neither represented by a circle (cycle). TIME IS A SPIRAL. The word SPIRAL and the word SPIRIT have the same root, serving us as invitation to observe and notice that Consciousness/Spirit moves in a SPIRAL fashion. With the purpose of simplifying and universalizing the comprehension of this organizing principle we are defining it as "THE HARMONIC FACTOR":

THE HARMONIC FACTOR IS THE ELEGANT MATHEMATICAL PRINCIPLE OPERATING AS THE ORCHESTRATING INTELLIGENCE BEHIND THE FABRIC OF SPACE, LIFE AND... TIME!!!

This mathematical constant also known as the "PHI ratio" or "Divine Proportion" is present in the natural unfoldment of forms across the Universe and is reflected in the Fibonacci numerical sequence... On this sequence (0,1,1,2,3,5,8,13,21,34,55,144,233...) each number is in a Golden Proportion relationship with its predecessor and holds the harmonic resonance of the PHI ratio. This mathematical constant present across the whole fabric of Creation is defined as the Number 1.61833

Our purpose is to use this principle present in the Logarithmic Spiral as a frame of reference to measure cycles of time. This framework may allow us to make conscious the inherent elegance, beauty, and sacred order behind the "synchronic order" the the fabric of TIME+SPACE and enter into resonance with the universal patterns and cycles in Nature.

May Peace Harmony and Beauty prevail on Earth!

DAY OUT OF TIME PEACE THROUGH CULTURE FESTIVALS

The Day Out of Time marks the last day of the 13-Month, 28-Day calendar occurring every July 25th, on the day before the Sirian New Year, signaled by the heliacal rise of the star Sirius on the horizon. This is no day of the week or month at all, but a day to celebrate "Peace through Culture".

THE ROAD TO CALENDAR REFERENDUM 2028 HOW CAN YOU HELP?

1. CHANGE YOUR CALENDAR. As more people switch their minds to attune to a natural harmonic standard, the underlying basis of practically everything we know in society will start to change. The more human beings whose minds and bodies are attuned, the more harmony we will be able to experience individually and collectively in the world. Changing the calendar is the Untried Solution.

2. SIGN & SHARE THE PETITION FOR CALENDAR REFERENDUM 2020. Calendar Reform is essential to the rights of human beings and Nature, because by harmonizing with the natural cycles of time we can restore human mental health and harmony in relation to the 'circle of life.' Beyond all ideologies, a correct measurement of time is a basic unifying factor of a sane and self-aware civilization. To sign and support this open petition for Calendar Referendum 2028 and Declaration of Universal World Peace, and to ensure that humanity adopt and implement the 13-Month, 28-Day Calendar as a new Harmonic Standard by 2028, please go to: <https://bit.ly/CalendarReferendum2028>

3. BE PEACE! The 13-Moon/Month Calendar is a PEACE INITIATIVE. To live by the 13-Moon, 28-Day frequency is to live in harmony with the cycles that regulate Life in nature. When you live by this frequency, you become a walking embodiment of harmony living in tune with Nature. This Peace initiative is deeply inspired by the values promoted by the Banner of Peace.

4. DONATE. If you appreciate this initiative and would like to see it continue, please visit www.13months28days.info/donate to contribute with any amount which you feel inspired. Your contributions will be destined to create educational materials for the Calendar Referendum Initiative 2028.

5. SHARE YOUR TIME. We are now looking for time-donors who feel inspired to help in the areas of Social Media/Content Management, Crowd Funding, Filming-Editing, iOS/Android App Development, and E-Mail Marketing. If you feel inspired to help by donating your TIME for the benefit of the planet, or contributing in any other way, please drop us a note at: volunteer@13months28days.info.

6. SHARE THE INFORMATION. If you find this information (r)evolutionary, inspiring or useful, please do your best to share it online via your favorite social media outlets. Bring the subject into everyday conversations with family, friends or co-workers. The more we talk about this, the more it will become a reality!

7. CONTACT US. The Global Council for Calendar Awareness (GCCA) is an autonomous educational and cultural platform, born in 2016 with a clear mission: to educate Humanity about the effects of calendars on consciousness, and re-introduce the 13-Moon x 28-Day +1 Matrix as the most basic, simple and practical application of an entire new science describing the Mathematics of Time.

We encourage everybody to participate in this most powerful MENTAL REVOLUTION in time!

Change your calendar and your mind will change. Change your mind and your society will change. Change your society and your planet will change!
